	FOREWORD	viii
	PREFACE	ix
	INTRODUCTION <i>G. A. Neligan, I. Kolvin, D. Mcl. Scott, R. F. Garside</i>	xi
Chapter 1.	THE STUDY POPULATION: DEFINITION AND SELECTION <i>G. A. Neligan, I. Kolvin, D. Mcl. Scott, R. F. Garside</i> The three groups. Comparison groups (random controls). Birth weight and gestational age. Born too soon (short gestation). Born too small (light for dates). Discussion.	1
Chapter 2.	THE STUDY POPULATION: BIOLOGICAL AND SOCIAL CHARACTERISTICS <i>G. A. Neligan, I. Kolvin, E. G. Tweddle, D. Mcl. Scott, P. Clarke</i> Gestational age and birthweight. Social class and associated factors. Maternal attitudes. Discussion.	9
Chapter 3.	PSYCHOMETRIC ASSESSMENT <i>D. Mcl. Scott, R. F. Garside, G. A. Neligan, I. Kolvin, A. McNay</i> Presentation of findings. Results of psychometric tests. Wechsler Primary and Pre-school scale of intelligence; Illinois test of psycholinguistic abilities; Skemp test of visual concepts; Frostig test of visual perception; Purdue pegboard; Intersensory tests; Bender-Gestalt test of visuomotor ability; Ozeretsky-Stott test of motor impairment; Harris test of laterality; Reading achievement tests; Schonell and Holborn; Junior Eysenck personality inventory. Discussion.	19
Chapter 4.	BEHAVIOURAL AND TEMPERAMENTAL ASSESSMENT <i>I. Kolvin, M. Atkins, L. Barber, E. G. Tweddle, D. Mcl. Scott, G. A. Neligan</i> Behaviour. Temperament. Discussion.	38
Chapter 5.	NEUROLOGICAL ASSESSMENT <i>M. Atkins, I. Kolvin, G. A. Neligan, P. Clarke</i> Procedure. Results. Discussion.	49

Chapter 6.	ASSESSMENT OF PHYSICAL GROWTH <i>G. A. Neligan, I. Kolvin, E. G. Tweddle, A. McNay</i> Procedure. Results. Discussion.	54
Chapter 7.	THE TWO-DIMENSIONAL PICTURE <i>G. A. Neligan, I. Kolvin, D. Mcl. Scott, R. F. Garside</i>	61
Chapter 8.	ALLOWING FOR THE EFFECTS OF ASSOCIATED FACTORS <i>R. F. Garside, I. M. Leitch, G. A. Neligan, I. Kolvin, D. Mcl. Scott</i> Analysis of covariance — first stage. Analysis of covariance — second stage. Direct comparison of extreme groups.	64
Chapter 9.	EVALUATING THE EFFECTS OF ASSOCIATED FACTORS <i>G. A. Neligan, R. F. Garside, I. M. Leitch, I. Kolvin, D. Mcl. Scott</i>	71
Chapter 10.	CONCLUSIONS BASED DIRECTLY ON OUR FINDINGS <i>G. A. Neligan, I. Kolvin, D. Mcl. Scott, R. F. Garside, assisted by I. Leitch</i>	81
Chapter 11.	OUR CONCLUSIONS IN CONTEXT <i>G. A. Neligan, I. Kolvin, D. Mcl. Scott, R. F. Garside</i> Better too soon than too small. Biological effects of associated factors. Clinical effects of associated factors. Familial effects of associated factors. Final conclusions.	86
